How a referral works

1. You share our family introduction, or the family contacts us. **2.** The family joins the interest list and tours. **3.** We hold a fit conversation with the scholar and family. **4.** If we are not the right fit, we say so honestly and point the family back to you with suggestions.

What you can expect from us

A reply within **two business days.** Updates on a family you referred, **only with the family's written permission.** An invitation to a **partner hard-hat tour** while the space is built.
